

# SANAD II

A pragmatic randomised controlled trial comparing the effectiveness and cost-effectiveness of levitiracetam and zonisamide versus standard treatments for epilepsy: a comparison of Standard And New Antiepileptic Drugs

## TRIAL RECRUITMENT

## NEWS

SANADII Trial Office  
Tel: 0151 529 5463 / 5464  
Email: [sanad2@liv.ac.uk](mailto:sanad2@liv.ac.uk)

## CONTACTS

## SITE DELEGATION LOG

- ✓ If you have **trial-related duties**, you should be on it.
- ✓ If you are on it, you should email / fax your signed and dated **CV and GCP certificate** to the trial office.
- ✓ **CVs and GCP certificates** have **2-year validity** for this trial, so you should submit updates, when available.
- ✓ Every site team member should have **PI sign-off** (signature and date).
- ✓ **The PI sign-off** should occur on the same date or after site staff have added themselves onto the log.

- **LIVE recruitment figures** (updated daily) are now on the trial website, under *Recruiting Centres* tab.
- Are you working with the current **CRF versions**? You can request a list of all current versions from the trial office.
- New site staff should have appropriate to their trial duties protocol **training**. It is the Principal Investigator's responsibility to ensure team members are trained, however new site staff can attend one of the trial office-led webinars too. Get in touch, if you need to attend a training webinar.
- Follow us on **twitter** - @sanad2trial
- We have opened 80 sites since trial commencement in June 2012 and we have about 20 more sites to open to reach our target.
- The trial is still **open to new sites**. Get in touch with the trial office, if you want to take part.
- Get in touch, if you have any comments or simply want to leave some feedback.
- **Thank You for your hard work and fantastic recruitment in 2014! Looking forward to a greater 2015!**

## REMINDERS

- ✓ All **follow-on questionnaires** are distributed by the trial office, however we would very much appreciate if you check that patient has received them and they have been completed and returned to trial office.
- ✓ Should you become aware of patient's **name or address change**, please complete and submit a new CRF form 2: Contact details.
- ✓ **Investigations form 4** should **only** be completed for investigations (EEG, MRI and CT) related to determining the epilepsy type at the trial commencement. Also, please only complete and submit when you have the results.
- ✓ **Adverse Reactions** described on version 1 of the form should be resolved on the same form, while any new adverse reactions should be entered on the updated version 2. If unsure, email trial office.
- ✓ **Please check** that for every collected DNA sample, you have a completed **DNA form**.
