

# SANAD II

A pragmatic randomised controlled trial comparing the effectiveness and cost-effectiveness of Levetiracetam and Zonisamide versus standard treatments for epilepsy: a comparison of Standard And New Antiepileptic Drugs (SANAD-II)

## RECRUITMENT IS CLOSED!

### *Follow-up Continues..*

On **Wednesday 20th June 2017**, the last patient was randomised to SANAD II. Tony Marson and the team in the trial office would like to thank all contributors who have helped the trial reach this milestone!

**Patient follow up will continue** for the next two years and so it is vital that a Follow-up CRF (Form 5) is completed and returned each time a patient is seen in clinic or spoken to via a telephone consultation.

For any further advice or information, please contact the trial office.

**First Patient Randomised:**  
 Tuesday 30th April 2013 by  
 Alder Hey Children's  
 Hospital

**Last Patient Randomised:**  
 Wednesday 20th June  
 2017 by Worthing Hospi-

## QUALITY OF LIFE QUESTIONNAIRES

The return rate for the questionnaires is lower that we would like. To combat this, can you please:

- Continue to encourage patients to complete their questionnaires when they are seen in clinic.
- ***We now have approval to issue the QoL questionnaires at site. The team will be in touch shortly with further information relating to this.***
- Ensure the trial office holds the most up to date contact information. Please complete and return a Contact Detail (Form 2) if a patient moves address or changes their telephone number.

## DNA SAMPLES

Please continue to obtain DNA samples from all consenting patients! Ensure a DNA sample CRF (Form 8) is returned to the **trial office**, along with an Ethnicity form (Form 13) which should be completed by the patient. For each DNA sample we hold, we **must** have an accompanying Ethnicity form.

## ABN Annual Meeting 2017

Silviya and Nadia manning the SANADII Stand at the ABN meeting held in Liverpool

Thank you to everyone who visited the SANADII trial stand at the ABN meeting in May 2017. It was lovely to speak to some old faces and meet some new!
